Application Support

Our outside sales engineers and inside sales staff bring you more than 300 years of combined industry experience. Extensive product knowledge and specialized training enable us to understand your application, determine your product needs, and insure the best solution before and after installation.

We offer same-day shipment from our stock and same-day, emergency shipments from our manufacturers' stock. We excel in locating hard to find items.

Single Source Supplier to many Fortune 500 Companies

Through EDI and Internet access, we simplify and streamline all your procurement needs, including expedited delivery and staging and sourcing all materials for specific jobs.

Service Center

Expert board level repair on all the product lines we carry, and leading third party brands as well.

Training and Consulting

We offer training by both our own expert staff or factory specialists, at our facilities or your site; customized to your specific needs.

Value Added Services & Product Integration

Start-up support, Programming and Configuration support, Custom modifications and cables, Drive and control enclosures, Sub-panels, Custom terminal labeling and sub-assemblies.
